

9.6.2020

Master of Engineering, Urban sustainability

We are pleased to inform you that you have been accepted as a student in the master's degree **Master of Engineering, Urban Sustainability** at LAB University of Applied Sciences.

You will find all important information about starting your studies on the web site [Welcome to the LAB University of Applied Sciences!](#)

Start of studies

The orientation to your studies will start on **Thursday 27th of August 2020 at LAB Lahti Campus, Mukkulankatu 19, Lahti**

8.00 – 9.00 am The registration
9.15–11.00 am Welcome to land of LAB

After 11.00 am we continue the program in classroom M19_C246.
Please prepare your own introduction for this occasion.

On Friday, 28th of August we continue in the morning at 9.00 to introduce the requirements of the master thesis project.

You will receive all the relevant materials and instructions during the orientation period.

Original certificates

The original degree certificates will be checked on Thursday 27th or Friday 28th of August, so remember to bring the originals with you. The admission of a student is conditional until Lab University of Applied Sciences has checked the applicant's school and other relevant original certificates. LAB may withdraw the admission, if the applicant has given false information.

Schedules for your studies

You will find your schedule by using the code TLTIYKKY20S (your own group code TLTIYURS20S does not yet show all the information on schedule).
