

## LAHTI CITY TOUR 2020

Due to the COVID-19 situation this year the Lahti city tour is done with the ActionTrack mobile application.

The tour is available for you for the whole semester and in the application, you can find seven interesting places within few kilometers of the Lahti downtown.

You can visit all of the locations at one go or pick the places you want to see first and continue later! You can see the descriptions of the locations by touching the checkpoint on your mobile screen.

When arriving to a checkpoint you will get a question related to the location and can learn fun and interesting facts about Lahti!

If you're still on your way to Finland and Lahti, you can still enjoy the tour by downloading the app and seeing the city tour route and all of the locations on it!

### Here's how it works:
