

# Plastics in Carbon- Neutral and Biocircular Economy

16.12.2020 OPENING WORDS VESA KÄRHÄ, FINNISH PLASTICS  
INDUSTRIES FEDERATION

# Truly a lot is going on in these fields

- ▶ National Plastics Roadmap 2018
- ▶ New renewable raw materials and feedstocks coming to markets
- ▶ Plenty of future commitments towards carbon neutrality around

# Target of today

- ▶ To screen through various options and ideas
- ▶ To have some discussion and knowledge transferring about those
- ▶ To continue twisting linear model into more circular material economy
